

Tabletop Char-Broilers

Lava & Radiant Styles

FHP24-2LB

FHP36-3RB

Superior features, better value

Space saving 6" incremental sizes up to 72" wide. Sturdy welded frames, energy efficient insulation, easy cleaning stainless steel finish, cast iron burners, 21" cooking depth, 4½" high back and side splash guards. Char-broiler grates are cast iron to hold heat & feature slanted blades with cast in troughs to channel excess grease reducing flare-up. CASTLE appliances are set at the factory for the type of gas desired. No need to risk improper field conversions. Options include 24" deep cooking surface, cutting boards. Griddles match perfectly with tabletop griddles, and open flame burners models, available as one-piece combination models with one easy gas hook-up.
