

# Bake, Roast & Hold

**Double stack  
Model 2B31**  
shown with optional casters

**Tabletop  
Model B31N**  
shown with optional dollie

## High Volume Ovens without a convection fan

**T**abletop or space saving double stack models. The 36" model features an extra large 31½" wide oven, nearly 25% larger than the industry standard 26" oven. Also available 30" wide with a 26½" wide oven and 24" wide with a 19½" wide oven. All oven interiors measure 21½" deep x 14½" high and come with 2 heavy duty nickel plated wire baking racks. Ovens feature 3 rack positions for additional volume or menu variety. Racks are interchangeable with hearth decks. 150° to 550° thermostats as needed for low temperature holding, baking and roasting. Heavy insulation for energy efficiency. Easy cleaning stainless steel finish. Set at the factory for natural or propane gas.
