**MODEL
#16101C**
SIZE: 12 x 12

KALYDO

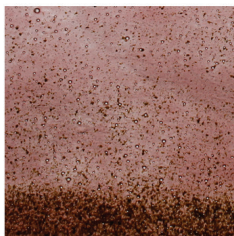

GLASS BUFFETWARE

An astonishing level of change has swept through the Buffet set-up over the last few years. Eastern's launch of the Rolling Buffets, The Hub Buffet System and 7 star Jazz Chafer Collection is now joined by the Kalydo glass collection.

Kalydo is the result of a lot of thinking, debating and sketching of what a buffet could be; one that breaks the rules and makes people smile. Kalydo is made of a colorful 12 mm tempered glass in imaginative and friendly shapes, and we think there are lots of people just like us who seek a buffet with personality and life. Step away from the humdrum and make room for color. Kalydo is built on creativity and a belief that you don't have to accept the conventional.
