

C5 4 SERIES with Insulation Armour™ Plus

Capacity King.

Hold More, Save Space, Reduce Labor.

Hot or Cold Insulated Food Transport
Performance and value
in every square inch.

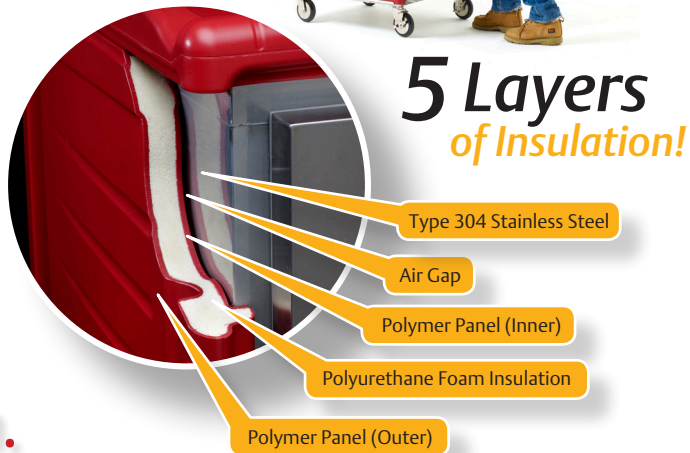

C5 4 SERIES with Insulation Armour™ Plus

Metro C5 4 Series

with Insulation Armour™ Plus

Metro's innovative hybrid polymer-stainless steel design exceeds common polymer insulated transport cart construction in a variety of ways: Foamed-in-place insulation helps to safely hold food hot for 5 hours or cold for 3 hours, high-quality stainless steel makes for easy cleaning and long-term durability, and greater pan capacity will save space and help reduce food transport expenditures.

To get the most out,
you need to get more in.

12X20 / GN PANS PER SQ FT

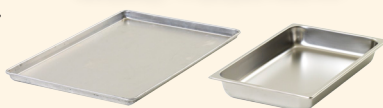

HOLD MORE, SAVE
SPACE, REDUCE LABOR

Moving hot and cold food is your livelihood, so why settle for less? The storage capacity of C5 4 Series can free up space for other items, while also providing labor and delivery cost savings.

**FITS
BOTH**
12X20 / GN PANS
& 18X26 PANS

FLEXIBILITY TO HOLD
MORE YOUR WAY

Use the pans you need to get the job done right. Universal slide option maximizes 12x20/GN pan capacity, and provides flexibility to hold 18x26 sheet pans. Only use sheet pans? No problem, go with Lip Load slides to maximize sheet pan capacity.

UNIVERSAL SLIDE PAN CAPACITIES

*12x20x2.5 and 65mm GN 1/1 pan capacities
(also holds deeper 12x20 and GN 1/1 pans, as well as GN 2/1 pans)
