

YOUR NEW ADJUSTABLE CUP DISPENSER

TO ADJUST YOUR DISPENSER:

1. Remove dispenser from wall or stand, if already installed.
2. Insert a stack of cups from the top, holding them in the tube so they will not come out freely.
3. Loosen locking screw on adjusting collar and twist the collar until the cups are retained, and can be removed one-at-a-time.
4. Re-tighten locking screw on adjustment collar.
5. Remount on wall bracket or stand.

NOTE: Do not attempt to manually bend the interior clips to adjust.
This will permanently deform the clips, preventing proper adjustment.
