

STAR-MAX® SNAP-ACTION GRIDDLES

STAR-MAX Gas Griddles are designed and built here in the U.S.A. to deliver exceptional performance, consistent and reliable results year after year.

Available in 15", 24", 36" and 48" widths.

Star-Max 600 Series
Snap-Action Griddles

- Heavy construction with a 20-½" deep **TRUE** 1" thick heavy steel plate for uniformity and durability. Check for yourself! (ruler in lower right corner)
- Modulating thermostats are embedded every 12" within 5/16" of the cooking surface for excellent control and fast recovery — 150-450°F!
- Steel 28,300 BTU burner every 12" of cooking surface provides superior cooking performance and maximizes productivity
- Cool-to-the-Touch technology keeps your operating zone comfortable and safe
- Enclosed bottom protects refrigerated bases.
- Heavy duty chrome knobs are comfortable, durable and attractive for years of hard use
- Extra-tall 4-1/2" top-flanged stainless steel backsplash with tapered sides
- Optional Chrome Plate
- Units ship for Natural Gas service with LP conversion kit included
- We stand behind our products for the long haul. Our **Robust 2-Year Warranty** means you buy with confidence. Why settle for less?

STAR-MAX® RADIANT CHARBROILERS

STAR-MAX Radiant Gas Charbroilers are designed and built here in the U.S.A. to deliver exceptional performance, consistent and reliable results year after year. Available in 15", 24", 36" and 48" widths.

**Star-Max 600 Series
Radiant Charbroilers**

- Cast Iron H-style 40,000 BTU burner every 12" of cooking surface provides excellent broiling performance & maximum sectional control
- Heavy gage stainless steel radiants heat quickly and are contoured for even heat distribution
- Cool-to-the-Touch technology keeps your operating zone comfortable and safe
- Heavy duty chrome knobs are comfortable, durable and attractive for years of hard use
- Enclosed bottom protects refrigerated bases
- Extra-deep, large capacity water pan reduce clean-up time and help reduce secondary fires. Compare to competitors with the ruler in the corner!
- Heavy-duty 4" adjustable legs are built for strength and durability
- Units ship for Natural Gas service with LP conversion kit included
- We stand behind our products for the long haul. Our **Robust 2-Year Warranty** means you buy with confidence. Why settle for less?
