SLIMLINE DIGITAL SCALE

BENEFITS

LOW PROFILE DESIGN

LARGE STAINLESS STEEL 10" X 12.6" (254 X 320 MM) WEIGHING SURFACE

WATER RESISTANT AND TOUCH SENSITIVE CONTROLS

Save valuable counterspace while effectively monitoring and controlling portion size with the Slimline Digital Scale from San Jamar.

No longer is there a need to sacrifice size for sensitivity. This unique and stylish scale perfectly combines the high-capacity and weighing surface of a large scale but remains as sensitive and simple to use as a smaller scale. The stainless steel weighing surface and water resistant front panel ensure long lasting durability while the LED and touch screen display extend battery life.
