

Juice Extractors ES700

The latest generation, top of the line juice extractor with automatic pulp ejection, the only one on the market with a double feed chute for optimal extraction of juice from fruit and vegetables. Half a Gallon of juice in just a minute! Productive constancy and quietness, the ideal business expansion for high-turnover juice bars that consume over 22 pounds of fruit and vegetables a day.

ES700

Juice Extractors

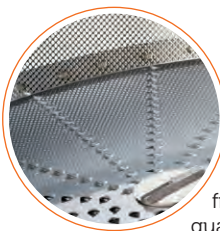

Genuine juice

Thanks to the "Pulp Retainer" – a stroke of genius by Ceado – the juice obtained is clearer and brighter, thus considerably enhancing the taste.

Wash & go!

Washing is quick and easy, as the basket with magnetic catch and parts in contact with food are simple to remove and replace, with no tool required.

Juice Fit

The grating disc and mesh filter are designed to extract the fruit juices gently, guaranteeing maximum performance also with leafy vegetables.

Work better

Incredibly quiet, the ES700 model ensures a pleasant environment for both customers and staff.
